

MILK RIVER CABLE CLUB

WHAT'S HAPPENING?

The Milk River Cable Club office will be closed Friday, April 2nd and Monday April 5th for Good Friday and Easter Monday.

Lots is happening at the MRCC! We have decided to change the publication of our Newsletter from monthly to bimonthly.

Last month we completed two grant applications. If approved, the grant money would enable us to build out our network in the Foremost area, as well as deploy a new mesh network in the Town of Milk River. With COVID, reliable and highspeed connections are more important than ever and we are doing all that we can to ensure we can keep up with the increasing demand on internet.

We are now a marketing affiliate of Ridge Utilities! You do not need to be a member to register with Ridge Utilities through the MRCC. Visit our website and click on "RIDGE UTILITIES" to find out more information:

www.milkrivercable.ca

MRCC Board of Directors

President LEONARD MCCULLOCH: mclen@mrcable.ca

Secretary TONY MILLER: antreen@mrcable.ca

Treasurer BOB THIELEN: bbs@mrcable.ca

KEITH LOSEY: kplfarms@mrcable.ca

DARREN OSTENBERG: sales@mrcable.ca

Thank you to all who participated in our Radio Bingo survey. With your overwhelmingly positive response, we are also now approved as an authorized Radio Bingo ticket seller! Radio Bingo airs every Monday, Thursday and Saturday at 6pm with Windspeaker Radio and tickets can be purchased directly from the MRCC office by cash or debit. We also have laminated reference sheets and bingo dabbers available for sale.

Tune in to channel 852 on MRCC Cable or stream CJWE online (www.radiobingo.ca) to play! Please note, MRCC are not running Radio Bingo, we are simply now an authorized ticket seller for them.

We have hired a new technician to start in April. We are happy to welcome Kenny to our team and community!

Our AGM will be held Tuesday, April 20th via ZOOM. Please contact the office for information on how to attend.

TECH TALK

As many are well aware, Sportsnet has not been working properly. The transponder that the Sportsnet channels are aired on has been having issues causing heavy pixelization on our system.

We have been working with Shaw to get it corrected and the issue should be resolved now. We apologize sincerely for the inconvenience this caused to our members.

Unfortunately, Sportsnet and Shaw are unwilling to offer us a credit for the issue, so we will not be able to extend a credit to our members.
